- ✓ Broadband: FTTP (fibre to the premises)
- ✓ Mobile signal: Good

## Description

This substantial four-bedroom detached home offers a rare and exciting opportunity for buyers looking for a project with genuine scope to add value. Originally two semi-detached properties, the home has been partially converted into one dwelling, and now presents a flexible layout with plenty of potential for reconfiguration, modernisation and improvement — ideal for investors, developers or buyers with vision.

Important note: Photos 3, 4, 5, 6, 7, 8 and 9 have been professionally virtually refurbished. The room measurements remain the same; the virtual refurbishment has been included to help you envision what could be achieved with the space.

Internally, the property still retains features of its original configuration, including two staircases, two kitchens, and two bathrooms (one located on the ground floor and one on the first floor). With the right investment and imagination, this could be transformed into a fantastic family home, or potentially adapted to suit multi-generational living or other requirements (subject to any necessary consents).

Externally, the property benefits from off-road parking, along with rear courtyard spaces positioned either side of the outbuildings — offering useful outdoor areas that could be further enhanced. An added benefit of this property is its excellent eco-friendly set up to help reduce day-to-day energy costs. It has a dedicated electric vehicle charger, it also features solar panels and the solar battery system that allows you to store generated electricity for later use.

This is a home with a lot of potential and an opportunity to create something truly special. For further information on the Secure Sale process and to arrange a viewing, please contact Walters of Lincolnshire.
